

## **CLASSES FOR October 2024**

**NOTE: All classes are on Zoom unless otherwise noted**

### **NEW BASIC CLASSES for Windows and iPad users**

-  
STUG is now providing a **NEW SERIES** of classes that cover the BASICS for Windows and iPad devices. There will be TWO classes in October and each class will be independent of the others - you do not have to attend a previous class.

**Wednesday, October 9 from 10 to 11 a.m. - Turning Your Computer ON and OFF**  
**Tuesday, October 22 from 10 to 11 a.m. - The Windows Desktop Screen**

To register for either or both of these classes, please email the instructor, Jim Cerny, at [jimcerny123@gmail.com](mailto:jimcerny123@gmail.com) with your Name, STUG Membership Number, Email, the class(s) you wish to attend, and your phone number (in case there is a last-minute change). Jim will reply with confirmation and the Zoom link you will need to attend. You must be a STUG member to attend these classes. Also, a minimum of three students is needed for the class to be held. If you have any questions, please email Jim.

### **HELP DESK - Now held prior to our regular monthly meeting on Zoom**

-  
Do you have a technical-related problem or question? Then join us at the Help Desk. All STUG members are welcome to ask our panel of experts for help. You can also join just to listen in as well if you wish and learn something new to avoid future problems. To attend, just join the monthly Zoom meeting early (at 6:30 p.m.). If you have any questions about the "Help Desk" session, please contact Jim Cerny at [jimcerny123@gmail.com](mailto:jimcerny123@gmail.com)

### **IPHONE and IPAD Classes by Bill Crowe**

**Saturdays from 10:AM to 12:PM**

Bill is starting his 27-week set of classes in October. The first 3 or 4 classes are general and are about learning how to use your device in general. The rest of the classes will be application specific.

The classes are for beginners and experienced users. The experienced users always get a few tips and new information they did not know.

The first 3 sessions will be in 2 parts. The first hour will be for pure beginners. (example - how to turn it on and off) And the second hour will be for the more experienced users. The second hour will be more advanced than the first (example - what more do the buttons do). Everyone is welcome to attend both sessions.

There will be a 5-minute break after the first hour.

So, tell your friends about the series so that you and they can learn the basics and/or improve upon your knowledge about these devices. All Classes will run Saturday mornings from 10 to 12 Eastern Time.

**You need to register by email at [wtcrowe@verizon.net](mailto:wtcrowe@verizon.net) at least one day before each class**

**to receive a Zoom meeting invitation. Include your first and last name and email address.**

**If you have attended one of Bill's classes in the past 6 months you will receive an invitation without sending Bill an email.**

**October 5th – iPad/iPhone Basics session 1**

**October 12<sup>th</sup> - iPad/iPhone Basics session 2**

**October 19th – Basic Settings 1**

**October 26th – Settings 2 and the Application store**

### **WINDOWS SPECIAL INTEREST GROUP**

**October 13 (Sunday 1:30-2:45 p.m.)**

The next meeting of the CFCS-STUG WinSIG is Sunday, August 11, 2024, at 1:30 pm. The meeting opens at 1:00 PM ET. You must register 1 time at

<https://us02web.zoom.us/meeting/register/tZEvce6grz8qGdyZenMWbknhMmKkQP8Rq01>The

Window Special Interest Group is a joint meeting for CFCS & STUG. It covers all things Windows and other general computer items. This SIG has been meeting for over 25 years. The meeting is the 2nd Sunday of the month. The meeting is followed by the main meeting of the Central Florida Computer Society and all STUG members are invited to stay for that meeting using the same link.

### **LET'S TALK AI (ARTIFICIAL INTELLIGENCE)**

**October 25 (Friday. 1:00-2:00PM ET)**

Let's Talk AI is for those who understand or want to understand what the fuss is about with AI. We will talk about tools, prompts and some of the many tools and services available to use AI. We will discuss how your favorite app is now utilizing AI. To receive the link to the Zoom meeting, please email Hewie at [hewie@hewie.net](mailto:hewie@hewie.net).
